### Machine Specification

Model	Rated Power	Max. Working Pressure	Max.Flow	Spray Distance	Spray Width	Gross Weight
M-595	1600W	22 Mpa	2.5L/min	35CM	30CM	22KGS

### Standard Inclusions

Accessory Name	Description	Number of Attachments
Airless Spray Gun	YF818 Metal (Filter installed)	1/SET
Reversible Spray Tips	517(0.017in)	1/SET
Paint Hose	10m 1/4"	1/SET
Tip Extension	50cm (Stainless Steel)	1/pcs
Maintenance Fluid	24ml	1/pcs

**01** Microelectric display screen, computer microchip control, electronic voltage regulation, can easily adjust the speed.

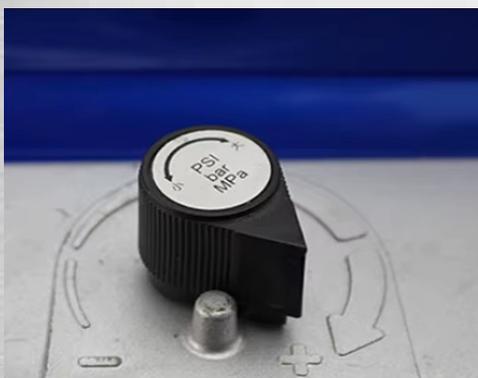

**02** The plunger rod of the pump body is made of special stainless steel material, which has strong wear resistance, good sealing performance.

**03** There are three filter systems inside to reduce the damage of impurities to the machine.

**04** Before use, add a little lubricating oil to lubricate the plunger rod and prolong the use time.

**05** Electronic pressure regulating system is controlled by chip, the pressure is directly controlled by the knob.

**06** Fan-shaped atomizing high-pressure spray gun, uniform and fine atomization, better adhesion effect.
